MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT: Revised Course at Naval War College

1. In accordance with your request I am sending you herewith what little information we have concerning the planned revision of the Naval War College course. The new course in Naval Warfare replaces the old courses entitled "Strategy and Tactics" and "Strategy and Logistics," and a new scheme of quotas for the military and non-military agencies attending the course have been established.

2. Under the new plan CIA has been allotted one space, as before, which has been listed for the first year, but the letter from the Commandant says that exceptions will be made. Our representative at the course this year, [redacted] OTR, has expressed an opinion favoring the second year as more likely to benefit a CIA student. STATINTL

3. The convening date for either year of the course will be 20 August 1954, but this date is preceded by one week of familiarization training recommended to all non-naval officers and commencing 13 August 1954.
